

Global Marketing and Philanthropy Interns Needed!

Do you have a passion for changing lives and building stronger communities with global impact through Hearing and Speech? Delta Zeta Sorority is looking for five members who are undergraduate students to join our philanthropy and service team as Global Marketing and Philanthropy Interns.

Delta Zeta's Global Marketing/Philanthropy Internship Program helps to support all aspects of the Sorority's focus on philanthropy and service. The internship program is ideal for candidates interested in direct service and a future career in marketing or non-profit administration. The internship program will provide motivated candidates the opportunity to gain insight into a fast-paced, non-profit organization while assisting with projects that are integral to the Sorority's philanthropic and community service success.

The Global Marketing/Philanthropy Interns will work under the direction of the Director of Community Relations and Philanthropy and the Chapter Operations team. The internship will take place from approximately January 11 to December 10, 2021.

Interns will be required to work 10-12 hours per week. Interns will work remotely while offering peer-to-peer support to the Vice Presidents of Philanthropy throughout the country. They will help chapters with philanthropy event planning, chapter fundraising, reporting, as well as personal philanthropy education and promotion. Interns will work on marketing campaigns and help curate philanthropy and service focused content for social media and the LAMP. Interns will also help with national events (virtual or in person).

While the position is unpaid, approved travel and business expenses will be provided by the Sorority. Additionally, Global Marketing and Philanthropy Interns will have the opportunity to participate in a national or international philanthropy and service project (depending on COVID-19).

Position Requirements: Candidates must be affiliated or enrolled in a verifiable program of study with a school or educational program/institution. Candidates are responsible for obtaining academic credit for the internship from their respective host institutions, if desired.
